

SUMMER CAMPS

Thank you for choosing Lifetime Activities Camps for your Summer recreation experience! We strive to foster health, happiness, and skill development in every community we serve and measure our success by the number of smiles and people participating in our programs.

WHAT TO EXPECT AT CAMP

Find parking and follow signs for check-in; a staff member will greet you and tell you where to go. Students will be evaluated on the first day and then grouped by age and ability. Current county and city covid guidelines will be observed (subject to change).

Please make sure your signed participation waiver is submitted before the first day of camps.
