

Pickleball Courts Maintenance Schedule

Due to changing conditions and debris that is often present, the pickleball courts will be blown or swept daily with the following schedule: **8am, 12pm, 4pm** (please note these hours may be adjusted due to seasonal considerations)

If additional maintenance is required during your play session, brooms are located on the courts for patron use.

If you need assistance, please notify our front desk, and we will provide maintenance support at our first opportunity.

During inclement weather or occasions of extreme debris and maintenance support is not available, the court(s) may be deemed unplayable.
