Chess develops concentration, creativity, problem-solving, and critical-thinking skills. Our chess instructors make learning chess lots of fun! Beyond basic rules and etiquette, our curriculum integrates opening-, mid- and end-game development for beginners and intermediate level players. Chess puzzles, timed play, and chess notation will also be explored.

### **Chess Instructor - Coach Edward**

Lifetime Activities is excited to have Coach Edward Li joining our team! A recent graduate of UC Santa Cruz, Coach Edward brings his strong playing background and prior coaching experience to our Sunnyvale location. A Candidate Master, Coach Edward can develop players of all levels. His easygoing personality and positive demeanor will make learning chess lots of fun for participants of all ages.
